OCTOBER 1984

## VITAE

THE FALCON CLUB OF AMERICA, INC. is a non-profit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword founded the world-wide club in 1979. It is incorporated under the laws of the State of Arkansas. Yearly dues to the Falcon Club of America are \$12.00 and are payable to The Falcon Club of America, Post Office Box 113, Jacksonville, AR, 72076.

THE FALCON NEWS is published monthly with information from its members. All ads must be sent to the Editor by the 10th of the month, with a limit of 2 ads per member per issue. Each ad must appear in a different section of the classified ads. The FCA will not be held responsible for errors. Legitimate errors will be corrected in the next issue when requested.

*"A funny thing  
happened  
on my way  
to Pomona..."*

*...I was gobbled up by a Falcon"*

A Falcon Sprint V-8, of course... and there's nothing odd about that. Tuck an ultra-compact V-8 into Falcon's fat-free shell, back it up with an optional four-speed floor shift, give the roof a slippery rake and you've got a car that deserves to be called "Sprint." Because sprint it does; it responds when bigger cars are still trying to figure out what the driver wants... and when those 164 horses say "move!" there's no lard to say "not right now." There's plenty of beef in the rear axle, drive-line and suspension, though. And all the rest of the good things drivers crave—bucket seats, console, chrome in the engine room (who else does this?) and a tachometer up where you see it and the road too. Of course, you can get a V-8 in any Falcon sedan, hardtop, station wagon or convertible now, but this is the far-out version and the price is a lot smaller than the performance.

One thing's sure, you'll be seeing plenty of Sprints from now on... but mostly a rear view. Unless you have your own, that is.

**NOTE TO ALL MEMBERS:** The club will send out notices to each member the month before membership expires. Be sure to send your renewal in early to retain your original membership number. If you do not renew your membership within 90 days after it has expired, your membership number will be placed in the inactive file and will no longer be used by the club.

First, I need to let all of you know that I'm very sorry that the last two copies of the newsletter has been a little late because of me. I have been so busy with things that just didn't get the material off to Harold on time. I will try not to let this happen in the future.

Harold has done such a great job with the Falcon News, and if all of us keep working together he can keep the good work up. So I'll try not to be late and you keep the materials and information for the newsletter coming to him.

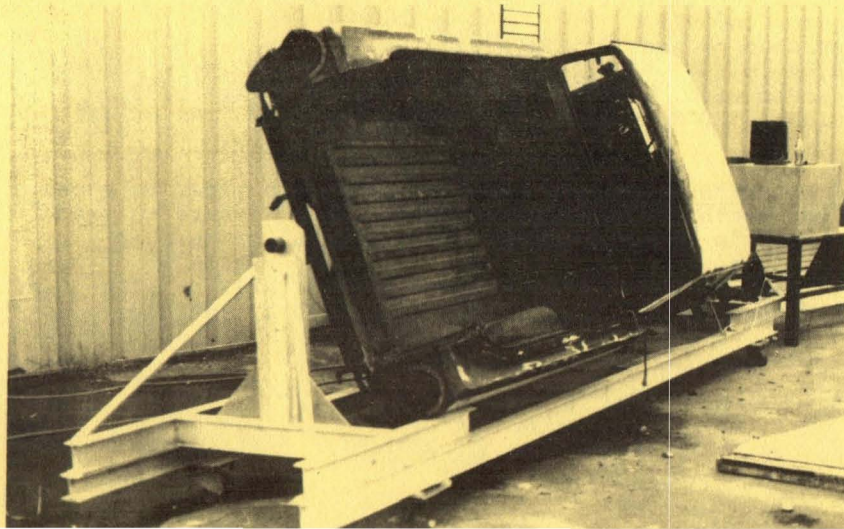

I would like to thank all of you for choosing me as your president once again. As in the past I will work for the club and do my best in every area for the best interest of the club. Remember that if you have any problems, comments, or suggestions my mailbox and phone is always open.

I also would like to thank the officer and directors of the club of fine job that they did last year and that I am looking forward to another year of working with them.

Again, I would like to remind all the Chapters to use the newsletter. Let your members know when you are having a meet and after you have your meet be sure and send in a meet report to the editor.

Hoping to see alot of you at the regional meet in Hot Springs, Arkansas on October 26-27.

It was bound to happen sooner or later: more material arrived for this newsletter than we can use. Can you believe it? Most clubs are begging the members for participation. Now all of the material received will be published before long. But the national news will have priority this time.

A special note to both the Rocky Mountain Chapter and the Mason-Dixon Chapter: your excellent pictures from your national meets will appear in a future issue. I really appreciate your taking the trouble to send in such excellent work.

While Roy is piling the praise on your editor for the newsletter, he should seize much of the credit for him self. Roy forwards much of the material used; he does the cover completely; and he deals with the hassle of printing.

Again I'm going to tell you about a product that is advertised in the Falcon News. The reproduction 62-63 deck lid ornament by Northwest classic Falcons is absolutely superb. We will try to reproduce a copy of the emblem in their ad for this issue, but there is simply no way that the black and white reprint will do it justice. It was nearly impossible for me to send this example on to Roy and the printer--I had a nearly irresistible urge to install it on my '63! Thanks is due to Northwest and all of the other folks in the country for taking on some risk in reproducing stuff for our much-prized Falcons!!!

(This is smaller than actual size)

NOTE: We will try to have a better reproduction of this beautiful emblem in a future issue of the Falcon News.

6. Two bids were read for 1985 National Meet. One from Mid America Chapter and one from Falcons Over Indiana. After a vote was taken the majority voting to go to Indiana.

7. Point judging was discussed. Tom O'Dell led the discussion on point judging for feeling on whether to have point judging or not. Motion was made to accept point judging, motion carried. This would take a while to get all facts in order before this can come about.

8. The suggestion was made to put the state on the name tags at future national meets.

9. There were several complaints verified against Bill Beavers not living up to his advertising.

10. In the future after the Board of Directors have had complaints, they will be turned over to Glen Acree. After 3 complaints and satisfaction is not had then the vendor will be banned by advertising in the Newsletter.

11. It was suggested the secretary write a letter to the EPA from FCA on the bill to ban lead free gas. This is not in the best interest of antique cars.

12. Discussion was made about advertising being done on being able to buy car titles. The feeling of the FCA that should not be allowed.

13. Meeting was adjourned.

Respectfully submitted,  
Ruby Throgmorton, Sec. FCA

Hi Harold:

We sure enjoyed ourselves at the 1983 Meet in Dallas. Would like to have gone this year also but it is a long drive from California.

I received a phone call from a new club member Bob Messina from New York he saw the picture in the 1983 year book of our '63 Sprint. He's been looking for one for himself to customize.

Our '63 did head east to New York then home here in California some 7000 miles last year after the Dallas Meet. The car is on blocks now with the transmission out with 170,000 miles on our '63, the main shaft rear bearing went bad. I'm just waiting for parts. I deal with only one parts store and in the past the counterman has been able to find just about anything I've needed for our Falcons.

Well Harold, guess I'll sign off for now. I also want to say that I think you're doing a great job on the Falcon News. Keep up the good work.

Dear Roy:

I thought that you might like a copy of the latest 1963 Falcon Convertible Register. I now have some information on about 200 '63 converts and have registered 102. Of those I have located there are 66 Sprint, 24 Sport Futura, 10 Futura V-8 and 13 unknown. I know of some parts cars and sources in case anyone would like to contact me with a request for parts, etc.

I would appreciate it if you would again mention the Registry in the Newsletter. Please mention that I need a legal-sized SASE in order to respond to people. I prefer to have everyone kick in a stamp or two rather than buying them all out of my pocket.

I estimate that there are about 800 more '63 converts out there, and would like to locate them all. Parts cars are especially needed as I'm getting more parts requests all the time.
